

The modern digital business card built for real estate agents.

Real Connect gives agents a sleek, mobile-friendly digital profile that updates automatically and makes sharing effortless. It replaces outdated business cards with a dynamic page that showcases listings, past sales, reviews, and contact details in a format clients actually use.

What Real Connect Does

Real Connect makes it easy for agents to share who they are and what they've accomplished in seconds.

- Creates a beautiful digital business card that works on any phone
- Syncs active listings, past deals, and testimonials automatically
- Generates a dynamic QR code that can be used everywhere
- Makes it easy to share through text, AirDrop, social media, email, and more
- Gives clients a clean, trustworthy way to learn about the agent immediately

Agents get a profile that actually converts, instead of a paper card that gets thrown away.

Why Agents Choose It

- Looks more modern and professional than a traditional card
- Updates automatically through MLS sync
- Makes sharing instant in any situation
- Captures every lead for better follow-up
- Gives clients a real sense of the agent's experience and credibility
- Works perfectly for open houses, listing appointments, and networking

Why Brokerages and MLS Partners Benefit

- A consistent, professional digital identity across all agents
- Better accuracy with listings and past sales
- Stronger branding at every consumer touchpoint
- Cleaner lead capture and improved follow-up for the entire organization

Real Connect makes every agent look polished and experienced from the first interaction.

The Result

Agents share faster, convert more leads, and build credibility instantly. Real Connect becomes the central identity they use in every part of their business.
